

ANIMALSAVE FOSTER AGREEMENT

I have read, understand and agree to comply with the Foster Caregiver Responsibilities provided to me by AnimalSave.

I understand and agree that I have the right to surrender this animal back to AnimalSave if circumstances develop where I am unable to give the best possible care. However, I understand and agree that it may take some time to find another foster home.

I understand and agree that I will be responsible for the daily care and feeding of the animal that I foster. Should the foster animal become ill, I will contact AnimalSave to arrange for veterinary care. AnimalSave cannot be responsible for veterinary charges incurred without prior approval. In emergency circumstances I will seek life-saving treatment (\$500 maximum) while continuing attempts to contact AnimalSave.

I understand and agree that this animal is just temporarily in my care and belongs exclusively to AnimalSave. I further understand and agree that the purpose of this foster relationship is solely to provide care for this animal until a permanent home can be found.

I understand and agree that when the animal is ready for adoption, I will surrender it back to AnimalSave for placement upon request. I understand and agree that if I do not relinquish this animal when requested, this animal becomes my responsibility and that I will be charged an adoption fee. If I do not return the animal to AnimalSave, I understand and agree that AnimalSave will no longer be responsible for food, veterinary care, or medication for the animal. I further understand and agree that any and all placements will be decided by AnimalSave.

I understand and agree that it is my responsibility to provide temporary responsible care for this animal when I go on vacation.

I agree to have a disaster plan in effect for AnimalSave animals. I will have a container filled with three days of food, water, leashes (if applicable) and litter (if applicable). All AnimalSave dogs will have ID on at all times.

I agree to keep all my personal pets current on all vaccinations. I will not hold AnimalSave responsible for any damage to my real or personal property caused by this animal, or for physical injury to me, my family, third parties or my personal pets as a result of the actions of my foster animal.
